Job Openings & Internship Opportunity

Decker's Nursery is a progressive company with over 80 years of history; we are searching for people with the right attitude, energy, and general love for plants. We use the latest technology, whether in management and computer systems or production equipment to keep the nursery at the forefront of the industry. Labor efficiency and customer satisfaction will always be the focus of the nursery as we continue to grow. We encourage anyone who might be interested in joining our team to contact us to find out what opportunities are open.

Company Profile:

Decker's Nursery is a wholesale nursery on the southeast side of Columbus, OH. We have 6 acres of liner container production, 26 acres of finished container production, and 100 acres of field production. We are a regional supplier of finished stock to landscapers and garden centers and a national supplier of liners to wholesale nursery.

Job Description:

Decker's Nursery has a number of openings we are actively seeking to fill. We are looking people to work in propagation and liner production. Some job responsibilities are a making cuttings, overseeing mist systems, and cultural care of cuttings to salability. We are also looking for people to work in container production. Some job responsibilities are assisting in trimming, potting and shipping of finish stock container.

We always welcome Intern applicants who have a strong desire for propagation and nursery production. Decker's Nursery is a great place to apply what you have learned in the classroom and gain real world experience

Job Requirements:

A fundamental understanding of basic growing practices is needed. A degree or pursuing a degree in horticulture or related field and/or equivalent experience in a professional greenhouse setting is required.
